

## Meet Our Extended Family

Safari West is home to over five hundred individual animals. Our mammal, bird, and reptile collection is composed of over one hundred different species representing the incredible biological diversity of Africa and other areas of the world.

Our mammal species are native to Africa, including the island of Madagascar, and represent omnivores, herbivores, and carnivores. The birds species of Safari West native to many continents and countries such as Africa, South America, Papua New Guinea, and even the United States.

 Wood Rail, Grey-necked

\*\*\*Extinct in the Wild \*\*Threatened \*Near-Threatened

Some of the animals that live at Safari West are considered to be Threatened species. Additionally, we have animals that are considered to be Near-Threatened which means that they are in danger of the possibility of being placed in the category of Threatened in the future. As a wildlife preserve, Safari West works in partnership with our global community to help conserve these animals for our planet. As a friend of Safari West, there are many ways that you can get involved in this effort. Please email us at [friends@safariwest.com](mailto:friends@safariwest.com).

# Safari West Adopt an Animal Program

## Adopt a Cheetah – or many of the other amazing animals at Safari West.

Open your parental paws and become a Safari West Wild Parent. You could be mom to our charming cheetah sisters, or dad to one of our graceful giraffes. Whatever the occasion, a wild animal is a rare gift. Anyone who appreciates nature's most beautiful creatures can adopt one of ours for a full year!

### Why Adopt an Animal?

Safari West Wildlife Preserve is a world-class facility, providing the best possible care for our animals. These funds go directly to our non-profit arm, Friends of Safari West, and will be used to support animal care and facilities, wildlife conservation activities and educational programs for children and adults. All adoptions are tax-deductible contributions.

### Who Can Be a Parent?

Any individual, organization, business, or club can adopt an animal. School classes are especially encouraged to become wild parents. Adopt an animal for yourself, your family, your team, club, employees or your friends. How about a porcupine for your parents? Or a lemur for your children? Just think of the joy of passing around photos of your son, the zebra!

### Leave the Care to Us

Of course your wild child remains the property of Safari West, where it stays so our staff is able to give it the best possible care. In some cases you will be adopting a species and not a single animal. Also it may take more than one parent to provide for the care of some animals.

### It's Easy to Adopt

For further information please call Marie Martinez at 707-566-3623 or email [friends@safarivest.com](mailto:friends@safarivest.com).

## Adopt an Animal Benefits

### \$50 Wildlife Club

A certificate of adoption, complete with your name and the species name of the animal you've adopted, natural history notes and the animal's personal history.

### \$100 Safari Club

All the benefits included in the Wildlife Club package, plus a 5" x 7" color photo of your adopted animal.

### \$200 Keepers Club

All the benefits included in the Safari Club package, plus a surprise safari souvenir.

### \$500 Curators Club

All the benefits included in the Keeper's Club package, plus an invitation to a behind the scenes, after hours function. It's a delightful evening for you and your loved ones to share with the newest member of your family.

### \$1,000 Directors Club

All the benefits included in the Curator's Club package, plus two complimentary safari adventures.
